

LOCATOR® CERAMIC DRILL EXTREME PERFORMANCE

NEW

EXTREME

302

PREMIUM QUALITY

NEW PROFESSIONAL DRILLING

- Wall tiles
- Floor tiles
- Ceramics
- Sandstone
- Concrete
- Brick

STEEL TYPE
Alloyed tool steel for long-lasting

FLUTE SHAPE
Parabol flute shape for perfect dust removal

CARBIDE TIP
With the best performance for vibration & hardness

Maximum 650 rpm

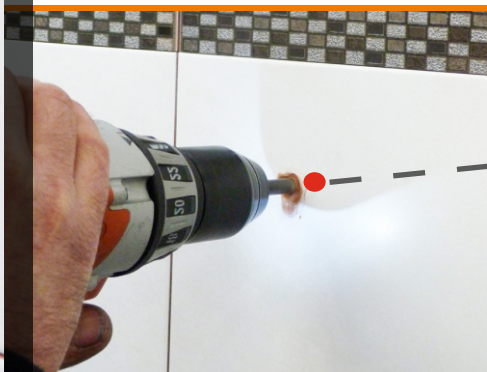

GRINDING
Asymmetrical cutting edges

6,4	1/4"	75	115	PlugX Pilot Drill	3020006115	10

- Innovation: Specially designed for the hardest materials: solid porcelain stoneware, marble, granite
- Exceptionally efficient drill bits thanks to their asymmetric flutes and unique profile.
- Can drill through multiple layers: tiles + concrete/brick/etc.
- Does not need a drill guide
- For any type of tile

Pilot Drill use in PlugX UNI-Arbor

Stays at marked drilling position
